## Guest Artist: Lucy de Hosson

A 2024 graduate of the Newtown High School of the Performing Arts, Lucy de Hosson is currently in her second year of a Bachelor of Performance (Music Theatre) at the Sydney Conservatorium of Music. Despite being early in her career, she possesses an impressive professional background, including the role of Marcy in the professional production of School of Rock the Musical at the Capitol Theatre. Her stage experience is broad, ranging from the formidable Mrs. Lovett in Sweeney Todd to the comedic energy of Spamalot.

For A Tapestry of Song, Lucy will step away from theatrical character roles to perform as a soloist alongside the choir. Her selections are diverse - spanning the brassy defiance of Don't Rain on My Parade to the ethereal beauty of Schubert - and are chosen to complement the choir's own offerings.
